■ Game two tonight

Elks 1-0 in second SaskAlta playoff series

Elk Point Elks doubled Kitscoty Monarchs 6-3 on Friday night in the first game of their Best of 5 playoff series, after coming back from a two loss deficit to win their series against Onion Lake Eagles.

Elk Point defeated the Eagles in their own territory on Friday, February 18, and came back home on Sunday for the deciding game. A huge and vocal crowd cheered as Elks captain Ted Genereux scored midway through the first period off an assist by Tyson Stafford to set the tone of the game.

Elks 6 - Eagles 3

Stafford scored a pair 28 seconds apart early in the second, assisted by Leighton Grey and Kelvin Hall in the first and

Genereux in the second to bring the lead to three before Onion Lake finally made their way through a strong Elks defence with 10 seconds to go on a power play. The Elks retaliated quickly with another pair of goals just over half a minute apart, the first by Loren Kozicky assisted by Stafford and the second by Conway Roscoe off a pass by Willie Lesyk. Both teams were a man short when Onion Lake scored their second goal of the evening with 45 seconds left in the period.

Both teams concentrated on defensive hockey in the third, with Elk Point finally connecting with their fifth shot on goal of the period, a hat trick for

Stafford off assists by Genereux and Sheldon Espetveidt. Onion Lake bombarded Elks goalie Dwayne Porcina with 19 shots in the period, and finally connected while they were short-handed, right on the heels of the final Elks goal. The visitors had a two man advantage at the end of the game and pulled their goalie to give them six attackers, but couldn't narrow the gap, giving the Elks the 6-3 win and the series.

Elks 6 - Monarchs 3

Friday's game saw Genereux score a pair for the Elks in the first period, assisted by Willie Lesyk and Espetveidt in the first and Hall in the second. Hall scored unassisted early in the second, followed by another

unassisted goal by Kozicky and a second goal by Hall, assisted by Lorne Wowk, all in just over three minutes.

The score sat at 5-0 going into the third as Kitscoty scored their first goal, scoring another on a power play exactly seven minutes later and a third 61 seconds after that. The Elks defence, excellent in the first two periods, got back on track by mid period and kept the Monarchs away from their net. Kerry Loughran scored a sixth goal, assisted by Espetveidt and Genereux, to wrap up the scoring with 9:38 remaining, giving the Elks a 6-3 win. The second game of the series is in Elk Point at 8:30 tonight, with the next two games Saturday

and Sunday in Kitscoty.

The Elks also took on the Daysland North Stars last week, in their second Provincial series. The very powerful North Stars proved to be formidable opponents, taking a 2-3 lead in the first period and slamming home seven unanswered goals in the second. The Elks rallied with three more in the third, but Daysland scored another trio, for a final score of 13-5. Scoring for the Elks were Conway Roscoe, assisted by Kelvin Hall and Lorne Wowk, Jordan Bassett, assisted by Wowk and Roscoe, Hall unassisted, Tyson Stafford assisted by Hall and Sheldon Espetveidt, and Ted Genereux assisted by Hall.

Youth arrested in recent rash of break and enters

Elk Point RCMP, with the assistance of Bonnyville RCMP have charged a 16 year old male with four counts of break, enter and theft in relation to a rash of break and enters which occurred in Elk Point between February 1 and February 16, 2000.

The youth from the Bonnyville area, whose name cannot be released under Provisions of the Young Offenders Act, has been remanded in custody to appear in St. Paul court on March 2, 2000.

The RCMP offers some home security tips that may discourage thieves from breaking into your home:

- Secure your residence by locking all doors and windows when you are away, even if it's just for a short time. All entrance doors should be a solid core with one inch deadbolt locks.
- Have security lights mounted along walks and by entrances.
- Don't advertise your absences, except with people you trust. Let your neighbors know when you plan to be away and ask them to report any unusual or suspicious activity to the police.
- Make sure your home has a "lived in" look when you're away - leave a light on or use interior and exterior timers, leave a radio or TV on a talk show program, and turn down your telephone bell as an unanswered phone usually indicates an empty house.
- Keep most of your valuables in the bank or safety deposit box.
- Have photos or videotapes of valuables and keep an inventory of them, recording any serial numbers.
- Engrave your valuable property with your driver's licence.
- Keep keys in a place that is not visible to strangers or visitors to your home.
- Be sure your garage is locked and windows curtained so that potential thieves cannot check to see if your car is there.
- Make sure your curtains or drapes fully cover your windows and close them when you are away for a short period of time. Have someone change the curtain positions from day to day if away on vacation.

St. Paul and Area Victim Services provides a free home security check done by a trained volunteer. If you wish to have a check done or wish more information on home safety, please call Victim Services at 645-8858 or Elk Point RCMP at 724-3964.

TUES., FEBRUARY 29, 2000

Health care is the number one concern of Albertans.

Alberta is introducing legislation that protects Alberta's publicly funded health system and regulates private surgical clinics.

Albertans have asked us:

Why does Alberta need this new policy?

Right now, Alberta has no authority to regulate clinics which can do surgeries requiring an overnight stay. With the new legislation, the government will be able to control, restrict and even prohibit private surgical clinics. Private hospitals will be banned and two-tier, American-style health care won't be possible.

How will this help reduce waiting lists?

Right now, emergencies and more urgent health problems can fill hospital beds and lead to canceled surgeries. Performing some surgeries in clinics could free up operating rooms and beds for people needing sophisticated diagnostic equipment and intensive care. As well, a specialized clinic can be more efficient, and improve access.

Where is the proof that this will be cost-effective?

Contractors will have to show that Albertans will benefit before they get approved, either by being more cost-effective, efficient or by increasing access to services. Contract details will be made public.

Will I have to pay for the insured medical services I receive now?

No. The publicly funded health system will still pay for insured medical services, just as it does now. Paying to get to the front of the line will be illegal. Clinics will not be allowed to charge Albertans for surgical services covered by the Alberta Health Care Insurance Plan. And nobody would be allowed to pay to get faster service.

Won't people be pressured to pay for unnecessary services or for extras in these clinics?

No. It is already against the law in Alberta to charge for insured services and this will be strictly enforced. The new legislation will also make it illegal to pressure people to buy unnecessary services. People can buy some extras now in the public health system - whether it's a lightweight cast or a private room - and those options will continue.

Why not put more money in the public system and open more beds?

We're spending about \$600 million more on health than last year and funding will increase again in the 2000-2001 budget. Health authorities can use the new dollars to open beds, and many have. Under the new legislation, health authorities would have the option to contract out some surgeries, if they can show that it will help them do a better job of providing health services in their region.

Watch for your copy of the complete proposed legislation, coming to your home in March.

Ready or not, February 29, 2000 is here!

By Deanna Easthope
FCSS Director

Can you believe that February 29, 2000 has arrived? Yes, the year 2000 is a leap year in our calendar in history. The computer people that had us worrying about January 1, 2000 also have us worrying about February 29, 2000. If our computers make it through today, we should be OK for the rest of the year.

Of course, if you don't fully trust the computer, you probably have hard copy back-up on all important files. And... as to power, etc. failure, you probably have some kind of back-up.

One could say all this worrying about the computer was all started by a "pessimistic" type of person. Pessimists are

always aware of what's wrong, what could be better, and what hasn't worked in the past. Therefore, one could say that they are the ones that believe the computers will fail.

Optimists, on the other hand, perform more productively. After all, they believe that tomorrow will come, circumstances will improve, solutions will be discovered and that somehow it'll all work out. Therefore, one could say it has been and is the "optimistic" type of person who works at finding ways to make sure our computers and our power, etc. wouldn't fail.

So, a big thank you

needs to be said to all the "optimistic" people who have worked behind the scenes to make sure we wouldn't have any problems on February 29, 2000. THANK YOU, EVERYONE!

Speaking of being optimistic and working behind the scenes to help solve problems, did you know that a successful vaccine was developed in 1955 (45 years ago), by Dr. Jonas Salk to turn around the most dreaded disease of Polio? Wasn't that wonderful! He had to be an optimist type of person to have faith, hope and perseverance in looking for a solution to that disease. We are fortunate to have people like Dr.

Salk in our history.

There is another optimistic bit of information I learned recently. Many years ago, we were told to use margarine instead of butter in our diets because margarine was better for you than butter. So most of us obeyed and accepted that bit of information. Well, in the February/March issue of "Taste of Home," I

learned that in following recipes that call for butter, it is important to use butter. Why? "Butter and margarine both contain 80% fat. Margarine is a butter substitute made with vegetable oils. But by law, if a vegetable oil product contains less than 80% fat, it must be labelled vegetable oil spread, NOT margarine. Vegetable oil spread

products are lower in fat, and this reduced-fat level affects the texture and quality of baked goods."

Yes, today is February 29, 2000. Enjoy the beautiful day and look at what you learned today! Have a great day, everyone!

■ Nutrition notes

March is Nutrition Month

By Linda Fox, RD
Elk Point Health Centre

Dietitians of Canada bring you **Great Food Fast!** in March 2000. The focus is on quick and healthy ideas for busy Canadians. When you think of healthy eating, think F.A.S.T.:

F - Food - Food for healthy eating can also be quick and easy to prepare.

A - Active - Active living leads to more energy and a feeling of well-being.

S - Save - Save time for family and friends by making time to plan, cook and enjoy meals together.

T - Taste - Taste and pleasure of food is paramount.

An exciting new cookbook, **Great Food Fast!** will be launched in March 2000. The recipes have been contributed by Canadians across the country. Pick up a copy at your local bookstore, or download an order form from the Dietitians of Canada website (www.dietitians.ca).

Dietitians in the Lakeland Regional Health Authority are inviting you to celebrate healthy eating by entering your **Great Food Fast!** ideas into the month long contest. Watch this paper for details.

For more information about Nutrition Month, contact etwell@dietitians.ca or your local Registered Dietitian.

Avalanche's provincial hopes squashed in final series

By Doug Bassett
Review Sports

Nobody ever said it would be easy to get to the provincial finals, but it's still a hard pill to swallow, losing out in the final series. Most teams take the theory it's better to play the second game at home, that way when you are down by a few goals you can use your fans' noise to help influence the game and rally the team, but going against all logic, Lac La Biche wanted the first game in their barn, and for them it worked just as planned.

The **Pee wee Avalanche** had their provincial hopes squashed after meeting the fast skating team from Lac La Biche, losing the first game up in Lac La Biche 10 to 2 on Wednesday night, and even though they knew they were out of it, played a much more respectable game at home on Friday night, losing this one only by 4 to 2. Goalie Kurt "The Wall" Kozycki faced over 50 shots in each game. Better luck next year. The only consolation came on Saturday and Sunday when the Avalanche played Glendon in the league playoffs, winning the two game total point series. Leading the way, team captain Jason Kalynchuk had a hat trick on Sunday.

Using the Lac La Biche theory, the **Midget Thunder** should have had the advantage playing at home first on Tuesday night, but were in the same boat as the Avalanche, losing their first provincial game 5 to 1, they then travelled to Mallaig on Sunday for the second game, winning on the road 6 to 3, but still losing the series by one goal. So much for theory, lose at home, win on the road, which proves only one thing, anything can happen, so keep

the first game as close as possible. It was very disappointing for some of these guys, Dillon Elliott, Travis Brown, Jon Yake, Darcy Stafford, Dustin Yaremkevich and Peter Danyluk, in their last year of midget hockey. Better luck next year doesn't work for these guys, it was their last chance to go to the Big Show, but there's still playoffs to contend with, starting next week.

Enough of the doom and gloom, here's some good news. The **Dewberry Bantam Colts** are off to the Big Show in Coronation after defeating Redwater in Dewberry to win the second game of the two game total point provincial round robin series. A big reason was the play of Elk Point's Kevin Moneta with four goals in the second game and a much improved Shaun Slywka scoring two.

The Thunderdome was packed to the rafters this weekend when the **Novice Hurricanes** hosted an eight team tournament, the Hurricanes winning against Marwayne and Lloydminster in their pool, then winning the A final against another tough team from Lloydminster. A good job well done by the Hurricane parents and their modest coach Gary Marcenik, said "Nothing special, the team played great all weekend."

The **Micro Novice Tornadoes** were very busy this past weekend, playing in Marwayne on Saturday in their tournament and even sharing some of their players with Vermilion in the first game, winning 9 to 3, then beating Kitscoty 13 to 8. On Sunday they played in Mannville's tournament, winning over another Vermilion team 11 to 3. Quillan Lowry and Mike

Marianchuk with hat tricks, Tanner Shankowski with two, Brendon Bishop and Harrison Maas with one each, and a big goal for B.J. Bailey, his first ever. In the second game, the closest of the weekend, they defeated Mannville 12 to 10. Mike Marianchuk, Jordyn Wozniak and Tanner Shankowski with hat tricks, Harrison Maas with two and Brandon Rainey with a single. This coming weekend the Tornadoes will be hosting their tournament on Saturday, don't miss it, these guys are just the greatest to watch!

The **Atom Avalanche** played in their playoff tournament in Glendon on Saturday, losing the first game to Mallaig 5 to 3, then winning over Two Hills for the first time this year 6 to 3 and taking third overall in the league. Top notch goaltending for Chris Proski, and great defense by Tellia Loughran, Jeff Huseby and J. B. Stanley.

The **Pee wee Girls Cyclones** won in Wainwright on Saturday 4 to 1, then finished their regular season in Lashburn on Sunday, losing a good game 4 to 2.

The **Midget Girls Storm** were in Vermilion's tournament on the weekend with the help of Pee wee Cyclone players Krysten Ballas, Megan Proski, Ashley Hebblethwaite and Bret Hahn, who scored the only goal in the Vermilion game. The Pee wee Cyclones will be a big help to the Storm in less than two weeks from now, when the Storm will be hosting the Midget B Female Provincials on March 9, 10, 11 and 12 with 10 teams from all over the province, Okotoks, Red Deer, Airdrie, High Prairie, Spruce Grove, Calgary, Edmonton and Kitscoty all coming to Elk Point. Oh boy, 200 teenage girls in Elk Point, look out!
